WHEREAS, CITY desires to grant a portion of its CDBG allocation for the Fiscal Year 2018-2019 to SUBRECIPIENT for the purpose of providing housing and support services for homeless families with children.

12. Retention of Records. All accounting records, reports, and evidence pertaining to all costs, expenses and the CDBG FUNDS of SUBRECIPIENT and all documents related to this Agreement shall be maintained and kept available at SUBRECIPIENT's office or place of business for the duration of the Agreement and thereafter for five (5) years after completion of an audit in conformity with the CDBG Regulations. Records which relate to (a) complaints, claims, administrative proceedings or litigation arising out of the performance of this Agreement, or (b) costs and expenses of this Agreement to which CITY or any other governmental agency takes exception, shall be retained beyond the five (5) years until complete resolution or disposition of such claims, litigation, appeals, or exceptions.

13. Compliance with Applicable Laws. SUBRECIPIENT shall comply with all applicable federal, state, and local laws, ordinances, regulations, and permits, including but not limited to all CDBG Regulations relating to financial and contractual procedures, and 2 CFR 200 *et seq.* and as set forth in 24 CFR 570.502(b), which are on file in the City of Costa Mesa, 77 Fair Drive, Costa Mesa, California 92626, and are fully incorporated herein by reference. If applicable, SUBRECIPIENT shall further comply with the requirements of Part 570 of Title 24 of the Code of Federal Regulations, including subpart K of Part 570, except that SUBRECIPIENT does not assume CITY's environmental responsibilities described in 24 CFR 570.604 or CITY's responsibility for initiating the review process under 24 CFR Part 52.

(a) SUBRECIPIENT shall maintain all presently required permits and shall secure any new permits required by authorities herein with jurisdiction over the work, project, or services provided by SUBRECIPIENT with the CDBG FUNDS.

(b) SUBRECIPIENT shall ensure that the requirements of the California Environmental Quality Act are met for any permits, discretionary approvals, or other entitlement required to carry out the terms of this Agreement.

14. Non-Discrimination; ADA Compliance.

(a) **Provision of Program Services.** In the performance of this Agreement or its activities, SUBRECIPIENT shall not engage in, nor permit its agents to engage in discrimination in employment of persons or provision of services or assistance, nor exclude any person from participation in, nor deny any person the benefits of, nor subject any person to discrimination under any program or activity funded in whole or in part with CDBG FUNDS on the grounds of race, religion, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military or veteran status, except as permitted by California Government Code Section 12940. Violation of this provision may result in the imposition of penalties referred to in California Labor Code Section 1735 or other federal, state, or local penalties as well as other remedies available to the CITY under the provisions of this Agreement.

(b) **ADA Compliance.** SUBRECIPIENT shall comply with Title II of the Americans with Disabilities Act (42 USC §12101, *et seq.*) as it relates to public accommodations.

(c) **No Discrimination in Any Program or Activity.** SUBRECIPIENT shall not under any program or activity funded in whole or in part with CDBG FUNDS, on the grounds of race, color, national origin, religion, or sex:

(i) Deny any facilities, services, financial aid or other benefits provided under the program or activity.

(ii) Provide any facilities, services, financial aid or other benefits that are different or are provided in a different form from that provided to others under the program or activity.

(iii) Segregate or separate treatment in any facility in, or in any matter or process related to receipt of any service or benefit under the program or activity.

(iv) Restrict in any way access to, or in the enjoyment of any advantage or privilege enjoyed by others in connection with facilities, services, financial aid or other benefits under the program or activity.

(v) Treat an individual differently from others in determining whether the individual satisfies any admission, enrollment, eligibility, membership, or other requirement or condition that the individual must meet in order to be provided any facilities, services or other benefit provided under the program or activity.

(vi) Deny an opportunity to participate in a program or activity as an employee.

(d) **Non-Discrimination in Administration of Services.** SUBRECIPIENT may not utilize criteria or methods of administration which have the effect of subjecting individuals to discrimination on the basis of race, color, national origin, religion, or sex, or have the effect of defeating or

substantially impairing accomplishment of the objectives of the program or activity with respect to individuals of a particular race, color, national origin, religion, or sex.

(e) Non-Discrimination in Site Selection. SUBRECIPIENT, in determining the site or location of housing or facilities provided in whole or in part with CDBG FUNDS, may not make selections of such site or location which will have the effect of excluding individuals from, denying them the benefits of, or subjecting them to discrimination on the grounds of race, color, national origin, religion, or sex, or which have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the Civil Rights Act of 1964 and amendments thereto.

(f) Overcoming Effects of Prior Discrimination. If SUBRECIPIENT has previously discriminated against persons on the grounds of race, color, national origin, religion, or sex, SUBRECIPIENT must take affirmative action to overcome the effects of prior discrimination, as and pursuant to applicable requirements of the CDBG Regulations and other applicable federal laws and regulations.

(i) Even in the absence of prior discrimination, SUBRECIPIENT should take affirmative action to overcome the effects of conditions which would otherwise result in limiting participation by persons of a particular race, color, national origin, religion or sex. Where previous discriminatory practice or usage tends, on the grounds of race, color, national origin, religion, or sex, to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program or activity to which CDBG funding applies, SUBRECIPIENT shall take reasonable action to remove or overcome the consequences of the prior discriminatory practice or usage, and to accomplish the purpose of the Civil Rights Act of 1964.

(ii) SUBRECIPIENT shall not be prohibited by this part from taking any eligible action to ameliorate an imbalance in services or facilities provided to any geographic area or specific group of persons within its jurisdiction where the purpose of such action is to overcome prior discriminatory practice or usage.

(g) Exceptions. Notwithstanding the foregoing non-discrimination provisions, nothing contained herein shall be construed to prohibit SUBRECIPIENT from maintaining or constructing separate living facilities or restroom facilities for the different sexes. Furthermore, selectivity on the basis of sex is not prohibited when only a member of the same sex can properly perform institutional or custodial services for the recipients of the services.

(h) Non-Discrimination in Employment.

(i) SUBRECIPIENT shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, age or disability. SUBRECIPIENT shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, age or disability. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rate of pay or other forms of compensation and selection for training including apprenticeship. SUBRECIPIENT shall post in conspicuous places available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

(ii) SUBRECIPIENT shall, in all solicitations or advertisements for employees placed by or on behalf of SUBRECIPIENT, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, age or disability.

(iii) SUBRECIPIENT shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by CITY's contracting officers advising the labor union or workers' representative of SUBRECIPIENT commitments under Section 202 of Executive Order 11246 of September 24, 1965, as amended, and shall post copies of the notices in conspicuous places available to employees and applicants for employment.

(iv) SUBRECIPIENT shall comply with all provisions of Executive Order 11246, as amended, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(v) SUBRECIPIENT shall furnish to the CITY all information and reports required by Executive Order 11246, as amended, and by the related rules, regulations, and orders.

(vi) If SUBRECIPIENT fails to comply with any rules, regulations, or orders required to be complied with pursuant to this Agreement, CITY may cancel, terminate, or suspend in whole or in part its performance under this Agreement and SUBRECIPIENT may be declared ineligible for further government contracts in accordance with procedures authorized in Executive Order 11246, as amended, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246, as amended, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(vii) SUBRECIPIENT shall include the provisions of paragraphs (i) through (vi) of this section (Non-Discrimination in Employment), in every subcontract or purchase order unless exempted by rules, regulations, or order of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246, as amended, so that such provisions will be binding upon each subcontractor or vendor.

(1) SUBRECIPIENT shall take such action with respect to any subcontract or purchase order as the CITY may direct as a means of enforcing such provisions, including sanctions for noncompliance. However, if SUBRECIPIENT becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by CITY, SUBRECIPIENT may request the United States to enter into such litigation to protect the interests of the United States.

(viii) SUBRECIPIENT shall not discriminate on the basis of age in violation of any provision of the Age Discrimination Act of 1975 (42 USC §6101 *et seq.*) or with respect to any otherwise qualified disabled individual as provided in Section 504 of the Rehabilitation Act of 1973 (29 USC § 701 *et seq.*) and the Americans with Disabilities Act of 1990, as amended (42 USC §12101 *et seq.*) (ADA).

(ix) SUBRECIPIENT shall also provide ready access to and use of all CDBG FUNDS assisted buildings to physically disabled persons in compliance with the standards established in the Architectural Barriers Act of 1968 (42 USC §4151 *et seq.*) and the ADA.

15. Ineligibility of SUBRECIPIENT or Contractors. SUBRECIPIENT shall not use CDBG FUNDS directly or indirectly in its operations or to employ, award contracts to, or otherwise engage

the services of, or fund any contractor during any period of debarment, suspension, or placement in ineligibility status of the SUBRECIPIENT or such contractor under the provisions of the CDBG Regulations.

16. Conflict of Interest in Procurement. SUBRECIPIENT shall comply with all applicable conflict of interest provisions set forth in 2 CFR Part 200 and 24 CFR 570.611 in the procurement of supplies, equipment, construction, and services by SUBRECIPIENT.

17. Condition for Religious Organization. SUBRECIPIENT shall comply with all applicable conditions prescribed by HUD for the use of CDBG FUNDS by religious organizations if SUBRECIPIENT is a religious organization.

18. Termination of Agreement.

(a) **Termination without Cause.** This Agreement may be terminated in whole or in part at any time by either party giving the other party thirty (30) days' written notice in writing. The reasons and basis for termination shall be set forth in the written notice in compliance with the provisions of the CDBG Regulations, in particular 24 CFR 85.44.

In the event CITY terminates this Agreement, CITY's City Manager may give the written notice subject to subsequent ratification by the City Council of the CITY at the next regular meeting of such body at which a quorum duly authorized to act is present, or at a special meeting duly called and held.

(b) **Termination for Cause.**

(i) CITY may immediately terminate this Agreement upon the termination, suspension, discontinuation, or substantial reduction in HUD CDBG funding for this Agreement's activity.

(ii) The CITY may immediately terminate this Agreement if SUBRECIPIENT fails to comply with the terms of this Agreement. Noncompliance with the terms of this Agreement includes, without limitation, non-performance, slow performance, or substandard performance such as the failure to provide substantially all the services described in Attachment 1 of this Agreement, or the failure to substantially meet or fulfill the accomplishment goals set forth in Attachment 1 of this Agreement.

If CITY decides to terminate this Agreement after a full evaluation of all circumstances has been completed, SUBRECIPIENT shall, upon written request, have the right to an appeal process. A copy of the appeal process will be attached to any termination notice.

(iii) Either party may immediately terminate this Agreement if for any reason the timely completion of the work/services to be provided under this Agreement is rendered improbable, infeasible, or impossible.

(iv) Either party may immediately terminate this Agreement for non-performance by the other party of any material provision of this Agreement.

(c) **Repayment of Funds by SUBRECIPIENT.** In the event this Agreement is terminated, as provided in this section, SUBRECIPIENT shall immediately return to CITY any and all unexpended

and unencumbered CDBG FUNDS. Further, SUBRECIPIENT shall comply with the provisions of the section of this Agreement relating to Reversion of Assets.

(d) Additional Payment after Notice of Termination at Discretion of CITY.

In the event of early termination of the Agreement by either party without cause, at CITY's sole discretion, SUBRECIPIENT may be compensated for all services rendered through the date of notice of termination and necessarily incurred costs performed in good faith in accordance with the terms of this Agreement that have been previously eligible for reimbursement, to the extent that CDBG funds are available from HUD.

In the event of early termination of the Agreement by CITY for cause (but not due to the non-performance or breach by SUBRECIPIENT), at CITY's sole discretion, SUBRECIPIENT may be compensated for all services rendered through the date of termination and necessarily incurred costs performed in good faith in accordance with the terms of this Agreement that have been previously eligible for reimbursement, to the extent that CDBG funds are available from HUD.

19. Defaults; Remedies. If either party materially fails to comply with any term of this Agreement, said noncompliance shall be considered a breach or default hereunder and a basis for termination for cause as provided herein.

(a) Enforcement by CITY Due to Default by SUBRECIPIENT. In the event of default by SUBRECIPIENT, in addition to any other remedies available at law or in equity, CITY may take one or more of the actions provided under CDBG Regulations, including, but not limited to, 24 CFR 85.43 relating to enforcement for breach of this Agreement.

(i) The remedies available to the CITY under 24 CFR Part 85.43 include, without limitation, temporarily withholding cash, disallowing non-compliant costs, wholly or partly terminating the award, and withholding future awards.

(ii) If the CITY finds that SUBRECIPIENT has violated a term or condition of this Agreement, CITY, in its sole discretion, may require the SUBRECIPIENT to:

- (1)** Repay all monies received from the CITY under this Agreement; and/or
- (2)** Transfer possession of all materials and equipment purchased with grant money to the CITY.

(b) Recapture. SUBRECIPIENT shall have the affirmative obligation to repay, and CITY shall have the affirmative right (but not the obligation) to recapture from SUBRECIPIENT all (or any portion of) CDBG FUNDS disbursed to SUBRECIPIENT hereunder in the event of SUBRECIPIENT's default hereunder or in the event SUBRECIPIENT refuses to accept or fails to comply with any conditions which may subsequently be imposed by HUD for the operation of the CDBG Program.

20. Reversion of Assets.

(a) Unencumbered or Unexpended Funds. Upon the termination or expiration of the term of this Agreement, SUBRECIPIENT shall transfer to CITY any unexpended and unencumbered CDBG FUNDS on hand at the time of such termination or expiration and any accounts receivable attributable to the use of subject funds.

(b) Real or Personal Property Assets. Any real property or moveable or immovable personal property under SUBRECIPIENT's control or ownership that is acquired or improved in whole or in part with CDBG FUNDS disbursed under this Agreement, the original cost of which exceeds five thousand dollars (\$5,000.00) shall either be, at the election of CITY: (1) used by SUBRECIPIENT for the eligible program services meeting the purposes of the CDBG Program for a period of five (5) years after termination or expiration of this Agreement; or (2) disposed of and proceeds paid to CITY in a manner that results in CITY being reimbursed in the amount of the current fair market value (assuming depreciation in accordance with customary business practices) of the real or personal property less any portion of the current value attributable to SUBRECIPIENT's out of pocket expenditures using non-CDBG Program funds for acquisition of, or improvement to, such real or personal property and less any direct and reasonable costs of disposition, including a reasonable and customary broker's fee incurred in listing and completion of sale of such asset.

(i) In furtherance of the foregoing, if CITY selects continued use of the capital asset, then SUBRECIPIENT hereby agrees that it shall be subject to an ongoing operating and use covenant relating to the subject real or personal property. The foregoing covenant shall survive the termination or expiration of this Agreement and shall be actionable at law or in equity by CITY against SUBRECIPIENT and its successors in interest.

(ii) In the event CITY selects disposition of the subject real or personal property, then SUBRECIPIENT shall exercise due diligence to dispose of such property in conformity with applicable laws and regulations and in accordance with customary business practices. The net proceeds of such disposition shall be disbursed directly to and be payable to CITY upon the close of the applicable disposition transaction, such as close of escrow for the sale of real property, transfer of a motor vehicle "pink slip" in accordance with applicable California Vehicle Code requirements, or completion of sale of personal property by bill of sale in accordance with Uniform Commercial Code (UCC) requirements.

21. Independent Contractor. SUBRECIPIENT is and shall be acting at all times as an independent contractor and not as an employee or agent of CITY. Neither CITY nor any of its employees shall have any control over the conduct of SUBRECIPIENT, its agents or employees, except as set forth in this Agreement.

22. Licensing. SUBRECIPIENT shall obtain and maintain all required licenses, registrations, accreditation and inspections from all agencies governing its operations. SUBRECIPIENT shall ensure that its staff shall also obtain and maintain all required licenses, registrations, accreditations, and inspections from all agencies governing SUBRECIPIENT's operations and work hereunder.

23. Inspection of Records. CITY and the United States government and/or their representatives shall have access, for purposes of monitoring, auditing, and examining SUBRECIPIENT's activities and performance, to books, records, reports, documents, and papers, and the right to examine comparable

records of SUBRECIPIENT's subcontractors, bookkeepers and accountants, employees and participants in regard to said program.

(a) Monitoring. CITY and the United States government and/or their representatives may schedule on-site monitoring at their discretion. Monitoring activities may also include, but are not limited to, questioning employees and participants in said program and entering any premises or any site in which any of the services or activities funded hereunder are conducted or in which any of the records of SUBRECIPIENT are kept. Nothing herein shall be construed to require access to any privileged or confidential information.

(b) Failure to Provide Records. In the event SUBRECIPIENT does not make the above-referenced records available within the City of Costa Mesa, California, SUBRECIPIENT shall pay all necessary and reasonable expenses incurred by CITY in conducting any audit at the location where said records and books of account are maintained.

24. Assignability. SUBRECIPIENT shall not assign or transfer any interest in this Agreement, whether by assignment, delegation or novation, without the prior written consent of CITY, except that claims for money due or to become due to SUBRECIPIENT from CITY under this Agreement may be assigned to a bank, trust company or other financial institution, or to a trustee in bankruptcy, without such approval. Any assignment delegation or novation other than as provided above shall be void and inoperative. Written notice of any request for an assignment or transfer shall be promptly furnished to CITY and CITY shall exercise reasonable diligence in reviewing and approving or disapproving such request.

25. Prohibition of Expending CDBG FUNDS to Obtain Other Funding. SUBRECIPIENT shall not expend CDBG FUNDS granted hereunder to fund another service provider, to pay a contractor for services outside the scope of this Agreement, to apply for other public agencies' program funds, or to supplant another funding source, unless expressly approved in writing by CITY.

26. Indemnification. SUBRECIPIENT shall indemnify, defend, and hold free and harmless CITY, its elected officials, officers, employees, agents, and volunteers from and against any and all claims, demands, actions, suits or other legal proceedings brought against CITY, its elected officials, officers, employees, agents arising out of or relating to the performance of this Agreement by SUBRECIPIENT, its officers, employees, agents, volunteers and/or subcontractors.

SUBRECIPIENT shall further indemnify, defend, and hold harmless CITY, its elected officials, officers, employees, agents, and volunteers from and against any and all claims, demands, suits, actions or proceedings arising from or relating to any failure of SUBRECIPIENT to comply with any applicable laws or regulations.

27. Insurance.

(a) SUBRECIPIENT shall furnish to CITY insurance certificates from its workers' compensation insurance carrier certifying that it carries such insurance and that the policy shall not be canceled nor the coverage reduced except upon thirty (30) days' prior written notice to CITY at the address specified in this Agreement.

(b) SUBRECIPIENT shall obtain, at its sole cost, a comprehensive general liability and auto insurance policy or policies insuring against liability for any and all claims and suits for damage or

injuries to persons or property resulting from or arising out of operations of SUBRECIPIENT, its officers, agents, employees, or volunteers. Said policy or policies of insurance shall provide coverage for both bodily injury and property damages in not less than the following minimum amounts: One Million Dollars (\$1,000,000.00) combined single limits, or its equivalent. Said policy or policies shall also contain a provision that no termination, cancellation or change of coverage of any insured or additional insured shall be effective until thirty (30) days' notice thereof has been given in writing to CITY at the address specified in this Agreement. SUBRECIPIENT shall file with CITY prior to exercising any right or performing any obligation pursuant to this Agreement, and maintain for the period covered by this Agreement, a policy or policies of general liability insurance, or certificate of such insurance, satisfactory to the City Attorney expressly naming the City of Costa Mesa as additional insured.

(c) SUBRECIPIENT shall obtain, at its sole cost, business automobile liability for owned vehicles, hired, and non-owned vehicles, with a policy limit of not less than One Million Dollars (\$1,000,000.00), combined single limits, per occurrence for bodily injury and property damage.

(d) SUBRECIPIENT shall give CITY prompt and timely notice of any claim made or suit instituted. SUBRECIPIENT shall procure and maintain, at its own cost and expense, any additional kinds and amounts of insurance, which, in its own judgment may be necessary for its proper protection in the prosecution of the work.

B. CITY OBLIGATIONS.

1. Payment of Funds. CITY shall disburse to SUBRECIPIENT from CDBG FUNDS, when, if and to the extent received from HUD, amounts expended by SUBRECIPIENT in carrying out said program pursuant to this Agreement in quarterly installments determined by CITY. Payment shall be made to SUBRECIPIENT based on the submission of quarterly invoices, in a form prescribed by CITY, detailing such expenses. Invoices must include documentation of expenses by receipts, time records, invoices, canceled checks, or other appropriate documentation that fully and completely discloses the amount(s) and nature(s) of the expenditures. CITY shall pay such invoices within thirty (30) days after receipt thereof, provided CITY is satisfied that such expenses have been incurred and documented within the scope and provisions of this Agreement and in conformity with the CDBG Regulations and that SUBRECIPIENT is in compliance with the terms and conditions of this Agreement.

(a) **Sole Source of Funding is CDBG Program Funds.** SUBRECIPIENT expressly acknowledges and agrees that the sole source of funding available to CITY to meet its funding obligation to SUBRECIPIENT under this Agreement is from CDBG Program funds allocated to and paid to CITY by HUD and that no other source of revenues or funding is made available, offered, or construed to be provided hereunder by CITY to SUBRECIPIENT. To the extent CITY is not allocated and/or does not receive the CDBG funds necessary to pay SUBRECIPIENT pursuant to the terms of this Agreement, then SUBRECIPIENT acknowledges and agrees there is no other funding source available or committed to meet CITY's funding described hereunder and no payment obligation of the CITY shall exist or be construed to exist.

2. Audit of Account. CITY will include an audit of the records and accounts maintained by SUBRECIPIENT pursuant to this Agreement in CITY's annual audit of all CDBG funds pursuant to CDBG Regulations, Title 24 of the Code of Federal Regulations, and other applicable federal laws and regulations.

C. MISCELLANEOUS PROVISIONS.

1. Lead Based Paint Notices and Recordkeeping. Attachment 1 - Scope of Work
CITY OF COSTA MESA
Community Development Block Grant

Subrecipient acknowledges and agrees that the services provided by Subrecipient pursuant to this Agreement shall be primarily provided to homeless individuals that meet the City of Costa Mesa's definition of Costa Mesa Homeless Resident:

Costa Mesa Homeless Resident

A "Costa Mesa Homeless Resident" is an individual that has recent residency in the City, as defined below, or has strong ties to the community.

Residency in Costa Mesa must have been within the last 36 months and for no less than 90 days.

Examples of acceptable documentation to confirm recent residency include:

- Copy of a previous lease
- Copy of a previous utility bill
- Written confirmation of residency from a previous landlord, or proof of residency in transitional living facility
- Copy of school records confirming previous residency

Examples of proof of strong ties to the community include:

- Current residency of an immediate family member – mother, father, sibling, child, or grandparent
- Proof that the individual and/or their dependent(s) attended K-12 school in Costa Mesa
- Written acknowledgement from the Costa Mesa Police Department, the Costa Mesa Code Enforcement Department, the Costa Mesa Fire Department and/or Network for Homeless Solutions ("NHS") management that individual has been living on Costa Mesa's streets for 18 months.

Special Circumstances – the following categories of individuals may meet the definition of Costa Mesa Homeless Resident:

- Homeless individuals that are "Medically Compromised"¹
- Elderly homeless individuals (60+)
- If the Costa Mesa Police Department ("CMPD"), Costa Mesa Fire Department ("CMFD") and/or Network for Homeless Solutions ("NHS") staff believe that an individual's well-being will be severely compromised by living on the street and/or if the individual is a chronic nuisance or offender whose presence in Costa Mesa poses a threat to others or is a consistent drain on public safety resources, then a team composed of a CMPD/CMFD representative and NHS management may, on a case-by-case basis, determine that such individual qualifies as a Costa Mesa Homeless Resident.

Exclusions – the following categories of individuals do not meet the definition of Costa Mesa Homeless Resident:

- Individuals that are living in a motel or recovery home/Individuals categorized as "intentionally homeless."²

¹ "Medically compromised" is defined as those persons no longer able to perform "Activities of Daily Living" (ADL). Most often, such individuals are diagnosed with co-morbidities that can include, but are not limited to, diabetes, coronary artery disease, hypertension, high blood pressure, cancer, liver disease, and mental illness. Added to this definition can be those persons who, by virtue of their treatment or disease, are susceptible to infections or serious complications.

"Activities of Daily Living" refers to the activities usually performed for oneself in the course of a normal day. Examples include bathing, dressing, grooming, eating, toileting and the like. People may need assistance with ADLs regardless of their living arrangements. Such assistance is usually performed by a family member, a home health aide or attendant, or a nurse's aide in a nursing facility. Inability to perform a certain number of ADLs is a criteria used by many insurance companies to determine eligibility for benefits.

² "Intentionally homeless" refers to an individual that has been offered services and housing as an alternative to homelessness and has refused such services and housing. The importance of the "intentionally homeless" definition goes to the heart of the issue of the necessity defense in cases where an individual is charged with a quality of life offense.

In addition, housing clients are given weekly food allocations, one-on-one career coaching, counseling sessions, free access to acute health services (as needed) and financial support to solve childcare and transportation challenges. Funds received from the Costa Mesa CDBG program will be used to support the case management staff directly responsible for assisting homeless families from Costa Mesa. The overarching goal of the Housing Program is for at least 85% of clients to maintain stable housing after one year. Last year, 93% of Families Forward graduating clients achieved this goal. Attachment 2

SUBJECT	POLICY NUMBER	EFFECTIVE DATE	PAGE
DRUG-FREE WORKPLACE	100-5	8-8-89	1 of 3

BACKGROUND

Under the Federal Drug-Free Workplace Act of 1988, passed as part of omnibus drug legislation enacted November 18, 1988, contractors and grantees of Federal funds must certify that they will provide drug-free workplaces. At the present time, the City of Costa Mesa, as a sub-grantee of Federal funds under a variety of programs, is required to abide by this Act. The City Council has expressed its support of the national effort to eradicate drug abuse through the creation of a Substance Abuse Committee, institution of a City-wide D.A.R.E. program in all local schools and other activities in support of a drug-free community. This policy is intended to extend that effort to contractors and grantees of the City of Costa Mesa in the elimination of dangerous drugs in the workplace.

PURPOSE

It is the purpose of this Policy to:

1. Clearly state the City of Costa Mesa's commitment to a drug-free society.
2. Set forth guidelines to ensure that public, private, and nonprofit organizations receiving funds from the City of Costa Mesa share the commitment to a drug-free workplace.

POLICY

The City Manager, under direction by the City Council, shall take the necessary steps to see that the following provisions are included in all contracts and agreements entered into by the City of Costa Mesa involving the disbursement of funds.

1. Contractor or Sub-grantee hereby certifies that it will provide a drug-free workplace by:
 - a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in Contractor's and/or sub-grantee's workplace, specifically the job site or location included in this contract, and specifying the actions that will be taken against the employees for violation of such prohibition;

 - 1. The dangers of drug abuse in the workplace;
 - 2. Contractor's and/or sub-grantee's policy of maintaining a drug-free workplace;
 - 3. Any available drug counseling, rehabilitation and employee assistance programs; and
 - 4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- c. Making it a requirement that each employee to be engaged in the performance of the contract be given a copy of the statement required by subparagraph A;
- d. Notifying the employee in the statement required by subparagraph 1 A that, as a condition of employment under the contract, the employee will:

PROTECT YOUR FAMILY FROM LEAD IN YOUR HOME

and Urban Development

Are You Planning to Buy or Rent a Home Built Before 1978?

Did you know that many homes built before 1978 have **lead-based paint**? Lead from paint, chips, and dust can pose serious health hazards.

Read this entire brochure to learn:

- How lead gets into the body
- How lead affects health
- What you can do to protect your family
- Where to go for more information

Before renting or buying a pre-1978 home or apartment, federal law requires:

- Sellers must disclose known information on lead-based paint or lead-based paint hazards before selling a house.
- Real estate sales contracts must include a specific warning statement about lead-based paint. Buyers have up to 10 days to check for lead.
- Landlords must disclose known information on lead-based paint and lead-based paint hazards before leases take effect. Leases must include a specific warning statement about lead-based paint.

If undertaking renovations, repairs, or painting (RRP) projects in your pre-1978 home or apartment:

- Read EPA's pamphlet, *The Lead-Safe Certified Guide to Renovate Right*, to learn about the lead-safe work practices that contractors are required to follow when working in your home (see page 12).

Simple Steps to Protect Your Family from Lead Hazards

If you think your home has lead-based paint:

- Don't try to remove lead-based paint yourself.
- Always keep painted surfaces in good condition to minimize deterioration.
- Get your home checked for lead hazards. Find a certified inspector or risk assessor at epa.gov/lead.
- Talk to your landlord about fixing surfaces with peeling or chipping paint.
- Regularly clean floors, window sills, and other surfaces.
- Take precautions to avoid exposure to lead dust when remodeling.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe certified renovation firms.
- Before buying, renting, or renovating your home, have it checked for lead-based paint.
- Consult your health care provider about testing your children for lead. Your pediatrician can check for lead with a simple blood test.
- Wash children's hands, bottles, pacifiers, and toys often.
- Make sure children eat healthy, low-fat foods high in iron, calcium, and vitamin C.
- Remove shoes or wipe soil off shoes before entering your house.

Lead Gets into the Body in Many Ways

Adults and children can get lead into their bodies if they:

- Breathe in lead dust (especially during activities such as renovations, repairs, or painting that disturb painted surfaces).
- Swallow lead dust that has settled on food, food preparation surfaces, and other places.
- Eat paint chips or soil that contains lead.

Lead is especially dangerous to children under the age of 6.

- At this age, children's brains and nervous systems are more sensitive to the damaging effects of lead.
- Children's growing bodies absorb more lead.
- Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Women of childbearing age should know that lead is dangerous to a developing fetus.

- Women with a high lead level in their system before or during pregnancy risk exposing the fetus to lead through the placenta during fetal development.

Health Effects of Lead

Lead affects the body in many ways. It is important to know that even exposure to low levels of lead can severely harm children.

In children, exposure to lead can cause:

- Nervous system and kidney damage
- Learning disabilities, attention-deficit disorder, and decreased intelligence
- Speech, language, and behavior problems
- Poor muscle coordination
- Decreased muscle and bone growth
- Hearing damage

While low-lead exposure is most common, exposure to high amounts of lead can have devastating effects on children, including seizures, unconsciousness, and in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults, too.

In adults, exposure to lead can cause:

- Harm to a developing fetus
- Increased chance of high blood pressure during pregnancy
- Fertility problems (in men and women)
- High blood pressure
- Digestive problems
- Nerve disorders
- Memory and concentration problems
- Muscle and joint pain

Check Your Family for Lead

Get your children and home tested if you think your home has lead.

Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect lead. Blood lead tests are usually recommended for:

- Children at ages 1 and 2
- Children or other family members who have been exposed to high levels of lead
- Children who should be tested under your state or local health screening plan

Your doctor can explain what the test results mean and if more testing will be needed.

Where Lead-Based Paint Is Found

In general, the older your home or childcare facility, the more likely it has lead-based paint.¹

Many homes, including private, federally-assisted, federally-owned housing, and childcare facilities built before 1978 have lead-based paint. In 1978, the federal government banned consumer uses of lead-containing paint.²

Learn how to determine if paint is lead-based paint on page 7.

Lead can be found:

- In homes and childcare facilities in the city, country, or suburbs,
- In private and public single-family homes and apartments,
- On surfaces inside and outside of the house, and
- In soil around a home. (Soil can pick up lead from exterior paint or other sources, such as past use of leaded gas in cars.)

Learn more about where lead is found at epa.gov/lead.

¹ "Lead-based paint" is currently defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter (mg/cm), or more than 0.5% by weight.

² "Lead-containing paint" is currently defined by the federal government as lead in new dried paint in excess of 90 parts per million (ppm) by weight.

Identifying Lead-Based Paint and Lead-Based Paint Hazards

Deteriorating lead-based paint (peeling, chipping, chalking, cracking, or damaged paint) is a hazard and needs immediate attention. **Lead-based paint** may also be a hazard when found on surfaces that children can chew or that get a lot of wear and tear, such as:

- On windows and window sills
- Doors and door frames
- Stairs, railings, banisters, and porches

Lead-based paint is usually not a hazard if it is in good condition and if it is not on an impact or friction surface like a window.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Lead dust also forms when painted surfaces containing lead bump or rub together. Lead paint chips and dust can get on surfaces and objects that people touch. Settled lead dust can reenter the air when the home is vacuumed or swept, or when people walk through it. EPA currently defines the following levels of lead in dust as hazardous:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) and higher for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ and higher for interior window sills

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. EPA currently defines the following levels of lead in soil as hazardous:

- 400 parts per million (ppm) and higher in play areas of bare soil
- 1,200 ppm (average) and higher in bare soil in the remainder of the yard

Remember, lead from paint chips—which you can see—and lead dust—which you may not be able to see—both can be hazards.

The only way to find out if paint, dust, or soil lead hazards exist is to test for them. The next page describes how to do this.

Checking Your Home for Lead

You can get your home tested for lead in several different ways:

- A lead-based paint **inspection** tells you if your home has lead-based paint and where it is located. It won't tell you whether your home currently has lead hazards. A trained and certified testing professional, called a lead-based paint inspector, will conduct a paint inspection using methods, such as:

- Portable x-ray fluorescence (XRF) machine
- Lab tests of paint samples

- A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards. A trained and certified testing professional, called a risk assessor, will:

- Sample paint that is deteriorated on doors, windows, floors, stairs, and walls
- Sample dust near painted surfaces and sample bare soil in the yard
- Get lab tests of paint, dust, and soil samples

- A combination inspection and risk assessment tells you if your home has any lead-based paint and if your home has any lead hazards, and where both are located.

Be sure to read the report provided to you after your inspection or risk assessment is completed, and ask questions about anything you do not understand.

Checking Your Home for Lead, continued

In preparing for renovation, repair, or painting work in a pre-1978 home, Lead-Safe Certified renovators (see page 12) may:

- Take paint chip samples to determine if lead-based paint is present in the area planned for renovation and send them to an EPA-recognized lead lab for analysis. In housing receiving federal assistance, the person collecting these samples must be a certified lead-based paint inspector or risk assessor
- Use EPA-recognized tests kits to determine if lead-based paint is absent (but not in housing receiving federal assistance)
- Presume that lead-based paint is present and use lead-safe work practices

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency for more information, visit epa.gov/lead, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.³

What You Can Do Now to Protect Your Family

If you suspect that your house has lead-based paint hazards, you can take some immediate steps to reduce your family's risk:

- If you rent, notify your landlord of peeling or chipping paint.
- Keep painted surfaces clean and free of dust. Clean floors, window frames, window sills, and other surfaces weekly. Use a mop or sponge with warm water and a general all-purpose cleaner. (Remember: never mix ammonia and bleach products together because they can form a dangerous gas.)
- Carefully clean up paint chips immediately without creating dust.
- Thoroughly rinse sponges and mop heads often during cleaning of dirty or dusty areas, and again afterward.
- Wash your hands and your children's hands often, especially before they eat and before nap time and bed time.
- Keep play areas clean. Wash bottles, pacifiers, toys, and stuffed animals regularly.
- Keep children from chewing window sills or other painted surfaces, or eating soil.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe Certified renovation firms (see page 12).
- Clean or remove shoes before entering your home to avoid tracking in lead from soil.
- Make sure children eat nutritious, low-fat meals high in iron, and calcium, such as spinach and dairy products. Children with good diets absorb less lead.

Reducing Lead Hazards

Disturbing lead-based paint or removing lead improperly can increase the hazard to your family by spreading even more lead dust around the house.

- In addition to day-to-day cleaning and good nutrition, you can **temporarily** reduce lead-based paint hazards by taking actions, such as repairing damaged painted surfaces and planting grass to cover lead-contaminated soil. These actions are not permanent solutions and will need ongoing attention.
- You can minimize exposure to lead when renovating, repairing, or painting by hiring an EPA- or state-certified renovator who is trained in the use of lead-safe work practices. If you are a do-it-yourselfer, learn how to use lead-safe work practices in your home.
- To remove lead hazards permanently, you should hire a certified lead abatement contractor. Abatement (or permanent hazard elimination) methods include removing, sealing, or enclosing lead-based paint with special materials. Just painting over the hazard with regular paint is not permanent control.

Always use a certified contractor who is trained to address lead hazards safely.

- Hire a Lead-Safe Certified firm (see page 12) to perform renovation, repair, or painting (RRP) projects that disturb painted surfaces.
- To correct lead hazards permanently, hire a certified lead abatement professional. This will ensure your contractor knows how to work safely and has the proper equipment to clean up thoroughly.

Certified contractors will employ qualified workers and follow strict safety rules as set by their state or by the federal government.

Reducing Lead Hazards, continued

If your home has had lead abatement work done or if the housing is receiving federal assistance, once the work is completed, dust cleanup activities must be conducted until clearance testing indicates that lead dust levels are below the following levels:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ for interior windows sills
- 400 $\mu\text{g}/\text{ft}^2$ for window troughs

For help in locating certified lead abatement professionals in your area, call your state or local agency (see pages 14 and 15), or visit epa.gov/lead, or call 1-800-424-LEAD.

Renovating, Repairing or Painting a Home with Lead-Based Paint

If you hire a contractor to conduct renovation, repair, or painting (RRP) projects in your pre-1978 home or childcare facility (such as pre-school and kindergarten), your contractor must:

- Be a Lead-Safe Certified firm approved by EPA or an EPA-authorized state program
- Use qualified trained individuals (Lead-Safe Certified renovators) who follow specific lead-safe work practices to prevent lead contamination
- Provide a copy of EPA's lead hazard information document, *The Lead-Safe Certified Guide to Renovate Right*

RRP contractors working in pre-1978 homes and childcare facilities must follow lead-safe work practices that:

- **Contain the work area.** The area must be contained so that dust and debris do not escape from the work area. Warning signs must be put up, and plastic or other impermeable material and tape must be used.
- **Avoid renovation methods that generate large amounts of lead-contaminated dust.** Some methods generate so much lead-contaminated dust that their use is prohibited. They are:
 - Open-flame burning or torching
 - Sanding, grinding, planing, needle gunning, or blasting with power tools and equipment not equipped with a shroud and HEPA vacuum attachment
 - Using a heat gun at temperatures greater than 1100°F
- **Clean up thoroughly.** The work area should be cleaned up daily. When all the work is done, the area must be cleaned up using special cleaning methods.
- **Dispose of waste properly.** Collect and seal waste in a heavy duty bag or sheeting. When transported, ensure that waste is contained to prevent release of dust and debris.

To learn more about EPA's requirements for RRP projects, visit epa.gov/getleadsafe, or read *The Lead-Safe Certified Guide to Renovate Right*.

Other Sources of Lead

Lead in Drinking Water

The most common sources of lead in drinking water are lead pipes, faucets, and fixtures.

Lead pipes are more likely to be found in older cities and homes built before 1986.

You can't smell or taste lead in drinking water.

To find out for certain if you have lead in drinking water, have your water tested.

Remember older homes with a private well can also have plumbing materials that contain lead.

Important Steps You Can Take to Reduce Lead in Drinking Water

- Use only cold water for drinking, cooking and making baby formula. Remember, boiling water does not remove lead from water.
- Before drinking, flush your home's pipes by running the tap, taking a shower, doing laundry, or doing a load of dishes.
- Regularly clean your faucet's screen (also known as an aerator).
- If you use a filter certified to remove lead, don't forget to read the directions to learn when to change the cartridge. Using a filter after it has expired can make it less effective at removing lead.

Contact your water company to determine if the pipe that connects your home to the water main (called a service line) is made from lead. Your area's water company can also provide information about the lead levels in your system's drinking water.

For more information about lead in drinking water, please contact EPA's Safe Drinking Water Hotline at 1-800-426-4791. If you have other questions about lead poisoning prevention, call 1-800 424-LEAD.*

Call your local health department or water company to find out about testing your water, or visit epa.gov/safewater for EPA's lead in drinking water information. Some states or utilities offer programs to pay for water testing for residents. Contact your state or local water company to learn more.

Other Sources of Lead, continued

- **Lead smelters** or other industries that release lead into the air.
- **Your job.** If you work with lead, you could bring it home on your body or clothes. Shower and change clothes before coming home. Launder your work clothes separately from the rest of your family's clothes.
- **Hobbies** that use lead, such as making pottery or stained glass, or refinishing furniture. Call your local health department for information about hobbies that may use lead.
- Old **toys** and **furniture** may have been painted with lead-containing paint. Older toys and other children's products may have parts that contain lead.⁴
- Food and liquids cooked or stored in **lead crystal** or **lead-glazed pottery or porcelain** may contain lead.
- Folk remedies, such as "**greta**" and "**azarcon**," used to treat an upset stomach.

⁴ In 1978, the federal government banned toys, other children's products, and furniture with lead-containing paint. In 2008, the federal government banned lead in most children's products. The federal government currently bans lead in excess of 100 ppm by weight in most children's products.

IMPORTANT!

Lead From Paint, Dust, and Soil in and Around Your Home Can Be Dangerous if Not Managed Properly

- Children under 6 years old are most at risk for lead poisoning in your home.
- Lead exposure can harm young children and babies even before they are born.
- Homes, schools, and child care facilities built before 1978 are likely to contain lead-based paint.
- Even children who seem healthy may have dangerous levels of lead in their bodies.
- Disturbing surfaces with lead-based paint or removing lead-based paint improperly can increase the danger to your family.
- People can get lead into their bodies by breathing or swallowing lead dust, or by eating soil or paint chips containing lead.
- People have many options for reducing lead hazards. Generally, lead-based paint that is in good condition is not a hazard (see page 10).

Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.
